

Awareness Campaign on Single-Use Plastic Ban Held at Chushul Village

Chushul, July 12, 2026: A Single-Use Plastic Ban Awareness Campaign was successfully conducted at Chushul Village under the guidance of the Numberdar of the village. The campaign aimed to create awareness among villagers about the harmful effects of single-use plastics on the environment, wildlife, and public health, while encouraging the use of eco-friendly alternatives.

On this occasion, Panchayat Inspector Sonam Tundup delivered an informative speech highlighting the importance of eliminating single-use plastics to protect the environment and maintain a clean and healthy village. He urged the residents to adopt sustainable practices such as using cloth bags, reusable containers, and proper waste management. He also encouraged the community to actively support the Government's initiative to make the village plastic-free.

The villagers participated enthusiastically in the campaign and pledged to reduce the use of single-use plastic and contribute towards a cleaner and greener Chushul.
