

UIDAI organized Mega Training Programme for Aadhaar Enrolment & Update Operators and Supervisors in Leh, UT Ladakh, on 1st July 2026.

The programme was inaugurated by Sh. Jagdish Kumar, Director, UIDAI Regional Office, Chandigarh. The training witnessed the participation of around 50 Aadhaar operators and supervisors from various departments across UT Ladakh, including the Department of Information Technology, Education Department, ICDS, BSNL, ASK Leh, Csc, J&K Bank, Army postal service and India Post

The programme covered the Aadhaar Enrolment & Update ecosystem, Universal Client (UC) features, operational guidelines, enrolment and update procedures, best practices, and security protocols essential for efficient and compliant Aadhaar service delivery.

The sessions focused on the practical adoption of the Universal Client, enhancing operator skills, ensuring data quality, maintaining confidentiality, resolving operational challenges through interactive discussions, and improving the overall citizen service experience.

This initiative reaffirms UIDAI's commitment to strengthening the capacity of Aadhaar operators and supervisors through continuous technical upskilling and aligning the Aadhaar Enrolment & Update ecosystem with evolving technological advancements.
