

## Farmers Orientation Program at NDDB, Anand!

Ladakh UT Dairy Cooperative Federation took 30 dairy farmers and office bearers on a learning visit to the Gujarat, from 10th to 14th February 2025. During this training, the farmers visited successful dairy cooperatives, Amul's dairy plant, cattle feed units, bypass protein plants, and composting sites. They attended expert sessions on animal breeding, fodder management, clean milk production, and modern dairy farming practices. This program helped our farmers gain valuable knowledge and practical skills to improve dairy farming in Ladakh. A great step toward strengthening our Ladakh's dairy industry!

The visit was conducted by the help of Honble Executive Councillor Sh Stanzin Chosphe, National Dairy Development Board, Ladakh UT Dairy Co-Operative Federation Ltd. and Animal husbandry department.

## National Dairy Development Board, Anand
