

KREDA Holds Introductory Meeting with Newly Appointed Deputy Commissioner Kargil

Kargil, June 27, 2025 – Kargil Renewable Energy Development Authority (KREDA), the leading renewable energy agency of Kargil Ladakh, today held an introductory meeting with the newly joined Deputy Commissioner/CEO, Shri. Rakesh Kumar (IAS).

The meeting served as an opportunity to present the agency's ongoing and completed projects, highlighting its commitment to sustainable energy development in the region.

During the session, KREDA delivered a comprehensive PowerPoint presentation detailing its wide range of projects, including their execution, implementation, and maintenance phases. The presentation underscored the agency's pivotal role in advancing renewable energy initiatives and fostering a greener future for Ladakh. To present the agency the Project Director was accompanied by the Project Coordinator, the AEE and the Accounts Officer.

"KREDA is dedicated to driving innovation and efficiency in renewable energy projects," said the PD KREDA. "We were honored to brief the Deputy Commissioner/CEO on our progress and look forward to collaborating closely to further strengthen sustainable energy efforts in the district."

The newly appointed Deputy Commissioner/CEO expressed appreciation for the agency's contributions and emphasized the importance of renewable energy in achieving long-term environmental and economic goals.

KREDA remains committed to delivering high-impact renewable energy solutions and looks forward to continued support from the district administration in its mission.
