

## One day Campus Exposure tour organised at Government Degree College Nobra

Nobra, 10th December 2025: Students of 12th Class from Higher Secondary School Disket, visited Government Degree College Nobra for an exposure tour aimed at giving them first-hand insight into college life and higher education opportunities.

During the visit, the students were taken around the campus and introduced to new key facilities such as the library, newly equipped laboratories, newly constructed classrooms, sports facilities, and new hostel buildings for both boys and girls. It was followed by an informative session on available courses, admission procedures, and career opportunities. They also interacted with faculty members and college students, gaining valuable understanding of academic expectations, extracurricular possibilities, and overall campus culture at GDC Nobra.

Principal GDC Nobra, Rigzin Sandup in the interactive session apprised the students on the varied campus facilities, resources and college academic structure. The visit proved highly enriching and motivational, helping the students develop clearer aspirations and better awareness of the holistic environment they will experience in their future college journey. The 50 school students were accompanied by their principal and teachers.
