

ADDC Leh Chairs Meeting to discuss the implementation of NITI for States and review Target Saturation of indicators in the Aspirational block.

Leh, March 27, 2025: The Additional District Development Commissioner, Leh, Sonam Nurboo (JKAS), convened a meeting today to review the target saturation of indicators in the Aspirational block of Rupsho and discuss the implementation of NITI for States at the Mini Conference Hall, DC office Leh.

During the meeting, ADDC Leh conducted department-wise review of the Target Saturation of indicators, directing concerned officers to ensure timely updates of their respective data. He emphasized the need for all departments to put in extra effort to meet the parameters and update them on the portal. He stressed that this data will help increase performance at the national level. He gave special instructions to departments whose performance had not been updated on the portal.

ADDC Leh also instructed to schedule a separate meeting with BSNL and Block Development Officers (BDOs) of aspirational blocks to discuss NITI implementation and target saturation.

The meeting was attended by senior officials, including the Chief Animal Husbandry Officer, Leh; Chief Medical Officer, Leh; Executive Engineer, PHE, Leh, Programme Officer, ICDS Leh and other officers and officials from various departments. Officers stationed outside Leh attended the meeting via video conference.
