

**Government Degree College Khaltse, in collaboration with NIELIT Leh, has commenced a Short-Term Computer Training Programme in Certified Computer Application, Accounting and Publishing Assistant.**

The programme has been specially designed for outsiders and interested youth of the Sham region, with the objective of extending quality learning opportunities beyond the college campus. It aims to equip participants with essential digital, accounting, and publishing skills that are highly relevant in today's competitive job market.

The training focuses on developing practical knowledge in computer applications, basic accounting software, office tools, and publishing techniques. Through hands-on learning, participants are being enabled to enhance their employability, professional competence, and workplace readiness. The course has been structured to bridge the gap between academic learning and industry requirements.

Through such initiatives, Government Degree College Khaltse continues its efforts to promote digital literacy, financial awareness, and skill-based education among the youth of the region.

The programme is currently in progress and has witnessed encouraging participation from learners, reflecting the growing demand for professional computer and accounting skills in the area.
