

Mimangs-Si-Sjapstogs: 'Administration at Your Doorstep' Held at Shey

Leh, November 21: The district-wide outreach initiative Mimangs-Si-Sjapstogs – Administration at Your Doorstep was conducted today at the Community Hall in Shey, bringing a comprehensive set of government services and welfare interventions directly to the local community.

Nodal Officer Huma Khan (JKAS), DRC Leh addressed the villagers and underlined the significance of the programme in ensuring that essential schemes and benefits reach citizens without the need for long travel or burdensome procedures. She encouraged residents to make full use of the services being provided and assured them that long-pending concerns would be duly recorded and taken up with the relevant departments for resolution.

The camp saw active participation from multiple departments, including Agriculture, Animal and Sheep Husbandry, Health, Banking, Horticulture, Soil Conservation Department, Education, Fisheries, Labour, Forest, RDD, PWD, PDD, PHE, Social Welfare, with nearly fifteen officials attending the outreach.

Representatives briefed the villagers on a wide range of welfare schemes and subsidies, covering programmes such as PDMC, PMKSY, PM-Kisan, Solar rooftop Scheme, KCC loan benefits, PM Shri, PMGSY, PMMVY, NRLM, MGNREGA, community plantation, subsidised Chain link fencing, Orchard development, Community-centric-complexes under Swachh Bharat Mission, PMAY and benefits linked to labour cards.

Throughout the day, several on-the-spot services were made available, including Aadhaar enrolment, agricultural subsidy facilitation, insurance-related assistance, and basic health screenings such as BP and sugar checks, along with sample collection for TB.

By the end of the day, villagers had actively utilised the services made available at the camp. A total of 29 Aadhaar registrations were completed. Nearly 60 individuals underwent NCD screening, while 15 ABHA cards and seven Golden Cards were generated. Additionally, 20 e-KYC verifications and 45 new member additions to ration cards were facilitated. The camp also saw the issuance of PDMC forms and provided extensive guidance on agricultural subsidy schemes.

The outreach also served as a platform for grievance redressal. Residents raised concerns regarding issues such as need of culverts to minimise damage caused by floods, and persistent power problems. Several grievances were resolved on the spot in coordination with departmental representatives, while others were formally noted and assured prompt follow-up action.
